Central Coastal Plain Capacity Use Area Permit Application

In accordance with G.S. 143-215.15 (d), notice is hereby given of receipt, on September 21, 2020, of an Application for renewal of permit # CU3019 issued to Butterball, LLC. in the Central Coastal Plain Capacity Use Area.

Those wishing to comment on the application, as described below, should submit written comments to:

Division of Water Resources/Ground Water Management Branch
Department of Environmental Quality
1611 Mail Service Center
Raleigh, NC 27699-1611
Attn: Capacity Use Administration (Archdale -11th floor)

The application and supporting documentation are available for review during normal business hours at the Division offices in the Archdale Building at 512 North Salisbury Street in Raleigh, North Carolina (phone: 919-707-9008).

Summary Description Of Proposed Activity: The permit applicant, Mr. Jeffery Shamblin of Butterball, LLC. (Garners Chapel Road, Mount Olive NC), proposes to withdraw and use a maximum of 2,700,000 gallons of ground water per day in Duplin County. Water withdrawals will be from seven wells in the Upper Cape Fear aquifer for the purpose of industrial use for turkey processing. The withdrawn water will be treated onsite and disposed of by spray fields (NPDES #WQ0000884).
